

Fiber Tool and Tester

Focomm
- UTP Tool
- RG Cable Tool
- Networking and CCTV Tester

T3 Inovation
- UTP Tool
- Networking Tester

Noyafa
- Net Tester
- Networking and CCTV Tester

Focomm
- Fiber Optic Tool
- Fiber Optic Tester

UTP Tool

Easy Crimping Hand Tool

Speed Termination Tool

Crimping Tool 4P,6P,8P with Ratchet

Impact Tool

Network Tool Kit

RG Cable Tool

Coaxial Crimping Tool (RG59,6,11,213)

Cable Stripper (RG59,6,11,213,UTP)

Networking and CCTV Tester

Multi Function tester

Features

- 8 inch retina touch screen, 2048*1536 resolution
- 8MP CVI/ TVI/ AHD, 8MP EX-SDI, HD-SDI, 3G-SDI*
- H.265/H.264, 4K video display via mainstream
- Chrome browser, test and set Axis camera
- Anti-sunlight and screen protecting cover
- HDMI input support 1080P
- HDMI output support 4K
- DC12V 3A, DC 48V PoE power output

CCTV Tester

Features

- 8MP CVI/ TVI/ AHD, 8MP EX-SDI, HD-SDI, 3G-SDI*
- H.265/H.264, 4K video display via mainstream
- Dahua, Hikvision, Axis etc Camera test
- Rapid, auto view video and create testing report
- Dc12V 3A, DC48V PoE power output
- Built in WIFI, create WIFI hotspot
- 10/100/100M Ethernet, network state and traffic display

Ordering Table

PRODUCT	PART NUMBER	DESCRIPTION	PRICE
UTP Tool	TT-EZT-RJ45/RJ11	Crimping Hand Tool For Easy RJ45 and RJ11	2,000.00
	TT-EZT-KJ-180	Speed Termination Tool for 180 Degree Keystone Jack	1,800.00
	TT-RJ45/RJ11	Crimping Tool 4P,6P,8P with Ratchet	600.00
	TT-IT	Impact Tool	450.00
	TT-TK-01	Network Tool Kit	2,000.00
RG Cable Tool	TT-CCT	Coaxial Crimping Tool (RG59,6,11,213)	650.00
	TT-CS	Cable Stripper (RG59,6,11,213,UTP)	650.00
Networking and CCTV Tester	TT-MFT-X9	Multi Function tester (POE/HDMI/Network/CCTV/IP Scan/ONVIP/4K)	25,000.00
	TT-IPAHD	CCTV Tester, AHD Camera & IP camera testing.	9,000.00

UTP Tool

Snap Plug™ Heavy Duty Crimp Tool

Heavy Duty RJ Crimper

Coaxial Cable Stripper

Network Cable Strip & Cut

Multiple Cable Strip&Cut

10 Gig RJ Crimping Tool

UTP Tester

Net Chaser™ Ethernet Speed Certifier (Support IPv4 and IPv6)

Features

- Net Chaser main unit
- Network Patch Cable*2
- Sacrificial Cable*2
- Micro USB Cable
- Carabiner Strap
- 4GB SD Card
- Active Remote

T3innovation Giga test

Features

- Wireless reporting of results to mobile devices or laptops
- One ended Cable Test: Detects wiring issues or bad connections per TIA568 A/B
- Linked Speed Indication: Green/Red LEDs showing speed link rate at each level, IEEE 802-3

Net Prowler™ Cabling and Advanced Network test smat remote 1

Features

- Net Prowler™ Main Unit
- F-Connector Coupler: F81
- Cable Assembly: micro USB to USB
- Cable Assembly: RJ12, 1-1 pinned, 8 inch *2PC
- Network and Telephone Testing/ID Remote: #1
- T3 Small black pouch

Net Prowler™ Cabling and Advanced Network test smat remote 1-8

Features

- Net Prowler™ Main Unit
- F-Connector Coupler: F81
- Cable Assembly: micro USB to USB
- Cable Assembly: RJ12, 1-1 pinned, 8 inch *2PC
- Coax ID Remote Set: #1-20 coax ID includes foam holder

Ordering Table

PRODUCT	PART NUMBER	DESCRIPTION	PRICE
UTP Tool (T3innovation)	T10520	SNAP PLUG™ HEAVY DUTY CRIMP TOOL	2,000.00
	T10420	Heavy Duty RJ Crimper	1,100.00
	T304106	Coaxial Cable Stripper	250.00
	T30210	Network Cable Strip & Cut	370.00
	T30110	Multiple Cable Strip&Cut	480.00
UTP Tester (T3innovation)	T10310	10 Gig RJ Crimping Tool	1,000.00
	TNC950AR	Net Chaser™ Ethernet Speed Certifier (Support IPv4 and IPv6)	80,000.00
	GT1005	T3innovation Giga test	50,000.00
	TNP700	Net Prowler™ Cabling and Advanced Network test smat remote 1	30,000.00
	TNP800	Net Prowler™ Cabling and Advanced Network test smat remote 1-8	35,000.00

Networking and CCTV Tester NOYAF

Cable length tester to measure length

Features

- TDR theory to measure length of cat5e, cat6 and cat7 cable, coaxial cable, telephone cable.
- Wiremapping with length and provide the distance to fault information.

Cable length tester to measure length

Features

- PoE / PING testing.
- Trace targeted cable among lots of unknown
- Locate faults for RJ11/RJ45/BNC Cable
- measure cable length accurately
- Voltage detecting function.

Wire Tracker, UTP/STP RJ45, RJ11 and metal cable

Features

- Check and find the needed cables among so many cables in one time.
- Continuity test — wiremap for Lan cables.
- Diagnose the breakage, open, short, cross.
- Visible indication: pin-to-pin cable map for individual cable (not by pairs).

HDMI Cable Tester

Features

- Fast and accurate verification with type A - A, A - C and C - C connectors.
- Check miswires, short, open and cross status of HDMI cables.
- Mapping continuity and proper configuration.

4 in 1 Cable Tester, Tests 4 types of cables: RJ11/ RJ45/ USB/ BNC.

Features

- Tests 4 types of cables: RJ11/ RJ45/ USB/ BNC.
- Test distance: 1500Ft
- LEDs indicate connections and faults.
- Simple one-button test.
- Detachable module for testing remote points.

Network Cable Tester

Features

- Visible LED status display.
- Check the RJ11& RJ45 Cable quickly.
- Endurable and prevent of burnout.
- Flashlight helps work in dark.
- Slow and fast test switch.

POE Tester

Features

- Test the information of the standard PoE device, such as a flat standard, power supply voltage, power supply polarity, and crossover mode.
- Identify the supply voltage, power supply polarity, and crossover mode of non-standard PoE devices.
- Check the short circuit, crossover and open circuit status in the network cable with the far end.
- Test the power consumed by DC appliances.
- The loop-back test function of the switch.

Test

FOCOMM Power Meter

Features

- 4-digit LCD display, supporting four display formats : mw, uw, nw, dBm
- Automatic range switching
- Automatic power-off
- Multi-wavelength measurement
- Low power indication

FOCOMM Power Meter (PON)

Features

- 4-digit LCD display, supporting four display formats : mw, uw, nw, dBm
- Automatic range switching
- Automatic power-off
- Multi-wavelength measurement
- Low power indication

FOCOMM Optical Light Source (850/1300/1310/1550 nm)

Features

- With SC Adaptor and FC Adaptor
- Power supply : 3PCS AA 1.5V battery
- High stability of the output power
- Stable output wavelength
- 850/1300/1310/1550 wavelength

FOCOMM Launch Box

Features

- Use as a Pulse Suppressor, OTDR Launch/Receive Cable, Delay Line, Training, Product Demonstrations.
- Leads wrap in the same direction for quick easy access and storage

FOCOMM Fusion Splicer (With toolbox and tools)

Features

- Application Scenarios : FTTH
- Alignment method : Clad to clad alignment, 4 motors
- Number of fiber : Single fiber
- Type of fiber : SM / MM / DS / NZDS
- Diameter of fiber : 0.25-0.3mm / Indoor Cable
- Fiber placement and cutting length : Coating diameter 0.125-1mm / cleave length 8-16mm
- Splicing mode : Multiple splicing modes
- Typical splice loss : 0.01dB-0.05dB
- Return loss : ≥ 60 dB
- Lighting : 3 High-power LED white light
- Splicing time : 6-10s

FOCOMM OTDR Tester

Features

- FC/UPC (PC, and APC are selectable)
- USB interface, SD card interface
- Wavelength : 650nm
- Output power (dBm) : ≥ -3
- Maximum testing distance : 3km

FOCOMM Mini OTDR Tester

Features

- Determine fiber optic cable or fiber optic's failure point, connection point
- Describe fiber optic cable or fiber's loss
- Measure fiber optic cable, optical fiber connector's insertion loss

Fiber Glass Duct Rodder

Diameter : 600mm
Height : 630mm

Diameter : 900mm
Height : 980mm

Diameter : 1100mm
Height : 1150mm

Diameter : 1300mm
Height : 1350mm

Features

- Other length can supply as per customer's request
- Colour of fiber glass : Yellow or white
